

February 6, 2006

We have worked with Acme Shelving and Store Fixtures for over 8 years and have used them exclusively for our entire store fixture needs.

I have found their products to be always in stock, of excellent quality and their prices very reasonable.

Shipments are always on time and Acme is well staffed to quickly respond to our needs.

Acme always stands behind their products and responds to our needs in a fast, professional and friendly manner.

We always enjoy dealing with Morris, John, and the rest of the Acme team.

We look forward to many more years of continued service.

Sincerely,
